This class is a waist of time. It doesn't help with the course.

My instructor was very energetic and very helpful in the area of Maple. He was able to answer all questions and left me with a better understanding of the topic.

Professor Guy was funny and helpful. He tried to make the calculus lab easier to understand and fun. I felt like if I followed his instructions in class, I was satisfied with my results every time.

He assigned in my opinion, the right number of assignment - not too many to make us stressed but we were always busy. He was very helpful.

Michael Guy was a wonderful teacher. He helped me so much and was very patient when I didn't know what I was doing! His knowledge of Maple is remarkable and his grip on calculus is very secure. He was prompt with grading and very sufficiently explained complicated concepts such as Newton's method. I highly endorse him!

He was always able to help when I didn't get what I did wrong. He knew quickest ways to use Maple. He didn't rush us through the labs. He helped with problems from calculus class.

Genial, easy to talk to and easy to understand.

Very knowledgeable on subject.

Great class! I thoroughly enjoyed it!
