great

He is a great lab instructor and makes the class very interesting and keeps it exciting. He also uses our time wisely so that we can understand and get done what needs to be done so that we don't have to do much outside of class.

He is A GREAT teacher.

He was very helpful and very receptive and knew a lot about the program.

He was very helpful when we had difficulties with maple.

I loved this class!! I wish all of my math courses where like it.

I really enjoyed Mr. Guy's class. He was always willing to help if we didn't know how to do something in class. Great teacher!!

Michael Guy, was an amazing teacher. He was always willing to help and provided excellent assistance.

Mr. Guy was an exceptional teacher. He had time to answer all questions and knew how to teach the program that was used in lab. He also made class more than the teacher vs. the students. He enjoyed getting to know his students and throughout the semester.

One of the best professor's I've had since getting to UGA

Prof. Guy was very effective in helping the students with Maple. The program is confusing and he does a wonderful job helping the students, and is very reasonable in the amount of work that labs require. Good teacher!

This lab class was great! Sometimes labs feel impossible and that I just go through the motions, but Prof. Guy made the lab fun and that i actually got something out of what we were doing. Very fair class and teacher.
